SETS DATE FOR VOTE ON TARIFF

House Rules Committee Agrees
Upon April Tenth.

SAYS RULE WILL BE ADOPTED

Republican Whip Declares There Is No Doubt That It Will Receive the Approval of the House—Amendments to the Payne Measure Restricted to Those Recommended by Committee and Some Offered on the Floor.

Washington, April 5.—Following numerous conferences held throughout the day, Representative Dwight of New York, Republican "whip" in the house, announced that the rules committee would today bring in a rule fixing the time for taking the final vote on the tariff bill and restricting amendments thereto, and that the rule would be adopted. Mr. Dwight made an unequivocal prediction of victory.

The rule which will be brought in sets the date for a vote on the tariff bill on April 10 and protects the measure, it is said, from all amendments except those recommended by the ways and means committee and those offered on the floor of the house that will give an opportunity for a vote on the question of free lumber, protected barley and protected hides.

It is reported that the majority of the twenty-six or more Republicans who met Saturday and drafted a petition to the tariff framers asking for protection on lumber, coal, iron ore and hides, have been prevailed upon not to oppose the Payne bill, as they threatened to do unless heed was given to their demand. This demand, it was said, makes the adoption of the rule a practical certainty and accounts for the confidence of Mr. Dwight in the success of the rule. It also is said that dissatisfied Republicans have received assurances that interests in which they are particularly interested will be given careful attention when the bill reaches the senate.

Chairman Payne of the ways and means committee, Representatives Dalzell and Dwight and other house leaders had a conference with President Taft Saturday in which the president is said to have expressed approval of the tariff programme as outlined by the ways and means committee. The rule will have the effect of shutting off general debate automatically and from the time of its adoption until the bill is submitted to a vote discussion of the tariff will proceed under the five-minute rule.

AGED MAN IS ASPHYXIATED

His Wife Nearly Dead From Coal Gas at St. Paul.

St. Paul, April 5.—Mrs. Robert E. Wenzel, living near the corner of Annapolis and Goff avenue, alarmed at the silence of the aged couple in their house across the street, broke in the rear door of the home of Christian Bramer and found the old gentleman dead and his wife barely alive. The death was caused by the accidental diffusion of coal gas through the house from the open doors of an old-fashioned coal burner in the sleeping room.

Smith May Referee Match.

Chicago, April 5.—Ed W. Smith, a local sporting writer, who was the third man in the ring at the Gotch-Hackenschmidt match last year, probably will referee the coming world's championship bout between Frank Gotch and Yusif Mahmout. Gotch has requested that Smith be appointed and there is no doubt but that Mahmout will agree.

POSTAL CLERK ARRESTED

Charged With Obtaining Money Under False Pretenses.

Washington, April 5.—Charged with obtaining \$50,000 under false pretenses when engaged in business at Boise, Ida., Roy M. Wright, aged thirty-six, a railway postal clerk, said to be a member of a prominent Kentucky family, was arrested in this city at the request of Boise authorities. Wright, who claims to be a first cousin to Representative Langley of Kentucky, says the amount involved is only \$500. He has not learned the exact nature of the charges, but claims it was brought about by a man from whom he obtained goods valued at \$500 to be shipped to another party, for which he refused to pay, because the parties to whom he shipped the goods would not give him the money. He says he would have returned voluntarily if he had known an indictment was out against him.

WILL REMAIN IN THE FIELD

Colonel Hoffman to Keep Up Pursuit of Crazy Snake.

Hickory Grounds, Okla., April 5.—Colonel Hoffman, in command of the state troops hunting Crazy Snake and his troublesome Snake Indians, received orders from Governor Haskell to remain in the field until he captured the chief.

A scouting party, led by Jim Starr, a full blooded Indian and a member of the Creek council, is thought to be close on the trail of Crazy Snake.

RELATIONS ARE TO BE SEVERED

Break Between United States
and Nicaragua Imminent.

CRISIS NOW IS AT HAND

Believed That the Present Difficulty Has Gone Beyond the Range of Diplomatic Discussion and That the Nicaraguan Minister Will Be So Informed, in Which Event He Would Request His Passports.

Washington, April 5.—Indications are that diplomatic relations between this country and Nicaragua are nearing a crisis, resulting from the failure of President Zelaya to adjust the Emery claim.

In diplomatic circles it would occasion no surprise if Senor Espinosa, Nicaraguan minister to the United States, should shortly be told by the state department that the present difficulty has gone beyond the range of diplomatic discussion, in which event his request for passports would logically follow.

The reticence of the state department in regard to the case indicates that the situation is more or less grave and that there is little probability of any settlement of the difficulty on the basis proposed by Secretary Knox.

Jewelry Store Robbed.

Montreal, Que., April 5.—Armed with a revolver and wearing a black beard, a man smashed the window of Theodore Groth's jewelry store and escaped with a tray containing diamonds valued at \$3,000. Eyewitnesses say that as he smashed the window and removed the tray the man began firing his revolver and then jumped into an express wagon and drove off.

FOUR PERSONS ARE WOUNDED

Pistol Duel and General Fight
in an Ohio Town.

RESULT OF COURT DECISION

Boat Loaded With Liquor Allowed to Anchor in the Ohio River Near Wellsville and the Fight Started When a Thirsty Citizen Thought William Renoff Was Taking the Names of the Liquor Craft's Customers.

Wellsville, O., April 5.—Four persons were injured in a pistol duel and general fight between members of the Good Citizens' league and men who had been drinking on a houseboat anchored in the Ohio river sixty feet from Wellsville, but in West Virginia jurisdiction. The injured are William Zoellers, East Liverpool; Ben Davidson, East Liverpool; William Renoff, Wellsville; Frank Geisse, Wellsville.

While the West Virginia line comes to the Ohio side of the river, the Ohio authorities have been claiming jurisdiction over the sale of liquor close to the shore, until a decision last week by Judge W. W. Hole at Lisbon gave undisputed right to sell liquor in boats sixty feet from the Ohio shore without interference by Ohio authorities. A boat said to have been well stocked with liquors arrived here early in the morning and anchored sixty feet from shore. During the day skiffs and small boats were busy plying between the shore and the boat with passengers, while the shore was lined with men. When Renoff passed the place it was thought he was taking names of those around the boat and Geisse, it is said, knocked Renoff down and beat him severely. He slashed back with a knife and both were arrested.

A little later, Dr. Barnes, knowing nothing of the former fight, passed the same place and members of the gang stopped him. Zoellers and Davidson are said to have thrown stones at him. Dr. Barnes is said to have drawn a revolver, whereupon Zoellers and Davidson both covered him with their guns. Barnes jumped behind a telephone pole just as a bullet whizzed by his head and, returning the fire, shot Zoellers. Picking up his wounded companion's gun, Davidson is said to have opened fire with both that and his own on Barnes. Davidson got behind another telephone pole and the duel was fought with both men protected in the same way till after several rounds had been fired, Davidson fell wounded. He was then taken to a hospital. Barnes surrendered to the police. He was released on \$1,000 bail.

ANCIENT MANSION BURNED

Girl Cremated and Her Mother and Father Badly Injured.

Winchester, Va., April 5.—Miss Virginia Carter, daughter of Reese B. Carter, was burned to death in a fire which destroyed her home, "Yellow House," at Rest, this county, one of the most historic structures in the state. Both Mr. and Mrs. Carter were badly burned in an effort to save their daughter. They are expected to recover.

"Yellow House" was more than 200 years old and was the scene of many notable events during revolutionary and Civil war times.

George Washington stopped there when on his way to Braddock's relief at Fort Duquesne.

King Edward Will Be Godfather.

London, April 5.—It is stated that King Edward will be godfather to the son of Mr. and Mrs. John Hubert Ward, who was born on March 24. Mrs. Ward was Miss Jean Reid, daughter of the American ambassador.

Grading vs. Drafting

Why Ladies' Home Journal Patterns are Different
From all Others

All patterns with one exception are high graded patterns—the one exception is Ladies' Home Journal Patterns. Graded patterns are made by creating a Pattern for a "36-figure," and cutting all the other sizes in exactly the same proportions as is this master pattern.

Ladies' Home Journal Patterns are not graded Patterns—they are drafted patterns. Each size is cut after a careful study of the average proportion of a 36 figure, a 38 figure, a 40 figure, or a 42 figure, or whatever the case may be. Each size has its master Pattern, and the proportioning of each size is made from individual study of that size, irrespective of any other size that has been drafted.

This is why Ladies' Home Journal patterns are so satisfactory. This is why they differ from all other patterns made. And this is why in a Ladies' Home Journal Pattern you find correct proportions as to each individual size.

Miss Minnie L. Richardson, of the Home Pattern Company, will be with us tomorrow demonstrating Ladies' Home Journal Patterns. She is giving practical information and instructions in home dressmaking.

Home dressmakers and professional dressmakers are invited to meet Miss Richardson tomorrow.

BOYS ARE BLAMED FOR FIRE

Believed to Have Started Destructive Blaze With Cigarette.

Fort Worth, Tex., April 5.—To a party of small boys and a carelessly thrown cigarette is generally credited the fire of Saturday, which destroyed property in South Fort Worth valued at \$2,000,000, caused the death of one person, J. J. Newton, a bank employee, the serious injury of six others, rendered 300 families homeless and will cause the temporary idleness of several hundred workmen employed in manufacturing plants and business houses burned.

The burned district is under the guard of state troops to prevent looting. Although worn out by their continuous labors, the entire fire fighting force of the city still is engaged in extinguishing the burning embers, which, with the wind still high, spasmodically spring into a blaze. The citizens have named relief committees. However, because the burned residence district was populated largely by those in comfortable circumstances, monetary relief needed will be small.

The burned area is approximately a mile and a half in length and half a mile wide.

It is declared plans will at once be made to rebuild the fire swept district.

NO ARREST HAS BEEN MADE

Finding of Boy's Body Stops Search for Alleged Kidnapper

Delavan, Wis., April 5.—No arrest has been made of the Delavan man supposed to have written the letter to Luman C. Moon of Flint, Mich., offering to deliver his son Harold, who was supposed to have been kidnapped.

As soon as Mr. Moon was advised of the finding of his son's body in Theed lake he lost all interest in the capturing of the supposed kidnapper and hurried back home.

The Pinkerton detective who accompanied Mr. Moon has a good description of the man who visited the cannon in city park and abstracted the letter asking for further proof, but since the father of the boy hastened home no attempts have been made in the way of an arrest.

MANY PRESENTS FOR ROOSEVELT

Sent by People of Naples to
Steamship Admiral.

Naples, April 5.—The steamship Admiral, which is to carry ex-President Roosevelt to Mombasa, is lying in the harbor, decorated with flags. The special quarters set aside for Mr. Roosevelt and his party are showing evidences of the welcome which awaits him. Numerous gifts of flowers for the distinguished American have already been sent to the ship, and today the remembrance of the German emperor, in the shape of great masses of carnations, typical of the German colors, will be placed in Mr. Roosevelt's cabin.

The former president will be greeted on board by representatives of the city council, who will extend to him an official greeting, and a party of ladies who literally will strew his path with roses. The German consul general will extend the personal greetings of the emperor and Ambassador Griscom will represent the hundreds of Americans who have gathered at Naples and who would like to meet the former president personally, but who will probably not have an opportunity.

Yachts Ready to Decorate.

American yachts in the harbor, of which there are several, have their flags and bunting ready to dress ship on the first appearance of the Hamburg, but police precautions will be made stringent and service boats will keep all craft at a distance. Mr. Roosevelt probably will not remain on board the Hamburg long after its arrival as he will doubtless wish to make the most of the few hours of his stay at Naples. No fixed programme has been arranged, as in all probability the ex-president will have decided views as to what he wishes to do. It is thought, however, that he

will go directly to the Hotel Londres, where apartments were originally engaged for him by Carow West Roosevelt, who is stopping there. Later Mr. Roosevelt will have luncheon with the Duke and Duchess of Aosta, and it is thought will visit the museum and aquarium.

In connection with efforts made to obtain apartments for the ex-president, those who had the matter in hand had a rather amusing experience. They found it impossible, on account of the great number of visitors who had come to the city or had engaged rooms in advance, to obtain apartments at the highest class hotels for Mr. Roosevelt, as they did not announce of the intended guest. At each of these houses they were informed that all apartments were taken, and as a consequence, rooms were finally taken at the Hotel Londres, a hostelry of quite ordinary pretensions. Later, however, a commodious apartment was engaged at the Excelsior hotel, which was considered more suitable for the purposes of the distinguished visitor.

Grading vs. Drafting

Why Ladies' Home Journal Patterns are Different From all Others

All patterns with one exception are high graded patterns—the one exception is Ladies' Home Journal Patterns. Graded patterns are made by creating a Pattern for a "36-figure," and cutting all the other sizes in exactly the same proportions as is this master pattern.

Ladies' Home Journal Patterns are not graded Patterns—they are drafted patterns. Each size is cut after a careful study of the average proportion of a 36 figure, a 38 figure, a 40 figure or a 42 figure, or whatever the case may be. Each size has its master Pattern, and the proportioning of each size is made from individual study of that size, irrespective of any other size that has been drafted.

This is why Ladies' Home Journal patterns are so satisfactory. This is why they differ from all other patterns made. And this is why in a Ladies' Home Journal Pattern you find correct proportions as to each individual size.

Miss Minnie L. Richardson, of the Home Pattern Company, will be with us tomorrow demonstrating Ladies' Home Journal Patterns. She is giving practical information and instructions in home dressmaking.

Home dressmakers and professional dressmakers are invited to meet Miss Richardson tomorrow.

JIM HILL says free lumber will keep seven populists from representing Minnesota in the next congress. For heaven sake give us free lumber.

The chief of police at Little Falls accidentally shot a boy on Saturday in his endeavor to kill a dog on the streets. The boy is not thought to be seriously injured and the dog was killed later.

Go to the polls tomorrow and vote for the best interests of Brainerd. The election is of more importance than the average citizen seems to realize and when it is too late the man who failed to vote will be the first to complain.

THERE seems nothing in the way now of the location of the Armour packing plant on the spot that Minneapolis has been fighting for. Time will tell whether a mistake has been made, and a great many people are of the opinion that there has.

THE publicity committee in charge of D. M. Clark's candidacy for mayor have a page advertisement in this issue of THE DISPATCH and a copy of the paper will be placed by them in every house in the city tonight. The committee is responsible for the correctness of the statements made therein.

ST. PAUL's mayor has been saying some uncomplimentary things about the Des Moines citizens who visited the state capitol recently and told some truths that could be rectified by the commission plan of government. The mayor is being severely criticized for his remarks and there are those who seem surprised that he should have lost his head.

GETS NEW QUARTERS

Northwestern Telephone Exchange Co. Secures Lease of Upper Floor of the Cullen Block

The Northwestern Telephone Exchange Co. has practically closed a deal for the lease of the upper floor of the new Cullen block at the corner of Front and Seventh streets, for a location for their telephone exchange, and will probably occupy it in the near future.

E. R. Jones, the local manager, states that it will take some time to get the rooms ready as it will for a time be necessary to maintain two exchanges while making the shift, after which the one in the Walker block will be discontinued. There will be considerable improvement in the plant, but just what he does not know as yet.

MOVED TODAY

Citizen's State Bank Will do Business in its Own Fine New Building Tomorrow

Silas Hall moved the burglar proof safe belonging to the Citizen's State bank into the new building today and the books, papers, etc., are being moved this evening. The bank will commence doing business in its handsome new quarters tomorrow. Mr. Dunn states that rent is being paid on the store rooms now vacant and they will be occupied in the near future. As soon as cuts can be secured the Dispatch will give its readers a picture and a complete description of the new building.

Simple Remedy for La Grippe.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. H. P. Dunn's drug store.

Union Services

The union services of the North side will commence this evening at the First Baptist church at 7:45. The preacher of the hour will be the Rev. Chas. Fox Davis. A most general and hearty invitation is extended to all students of the Bible, particularly those whose desire is to gather inspiration from the Eastertide season. The services tomorrow evening will be held in the Methodist Episcopal church, the preacher being the Rev. J. E. Abramson.

A Religious Author's Statement

Rev. Joseph H. Feserman, Salisbury, N. C., who is the author of several books writes: "For several years I was afflicted with kidney trouble and a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." H. P. Dunn's drug store.

Notice

TO THE CITIZENS OF BRAINERD, MINN.

This department begs to advise you that the Security State bank of Brainerd has made good by assessment all losses sustained through its transactions with North Dakota banks.

It has been prepared from the start to replace all doubtful paper with cash, but had to comply with all legal provisions required in such cases by this department. It is now fully authorized to re-open for business on April 6, 1909, and deserves the confidence and patronage of your community.

Yours very truly,
(Signed) A. SCHAEFER,
Public Examiner.

A Card

To the voters of Brainerd:

On this, the eve of election, I deem it my duty to the public to state that although during the past week I have been called upon by various citizens and committees in the interest of appointment for certain citizens, I have not made, nor will I make any pre-election promises. If elected to the office of Mayor, I enter upon the duties of that office absolutely free and untrammelled of any party, man, or set of men, am prepared to carry out the wishes of the people of Brainerd in the acquisition of a suitable water plant, the improvement of the light plant, together with the impartial enforcement of all law.

D. M. CLARK.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wol-kush, Casimer, Wis. H. P. Dunn's drug store.

Gardner-Kemp

The marriage of Bertie R. Gardner and Miss Beatrice Kemp was solemnized on Saturday evening at 6 o'clock at the residence of Mr. and Mrs. Jim Kramer, 511 2nd Ave. N. E. The wedding was largely attended by friends and relatives of the contracting parties, with a number from Little Falls and Sylvan. Miss Beatrice Heath, of Motley assisted the bride and Leon Gardner assisted his brother, and the ring service of the Methodist Episcopal church was read by the Rev. Charles Fox Davis.

The wedding march was played by Miss Georgia Heath, and roses and carnations were in the color scheme. After the ceremony a wedding dinner was served. Immediately following the ceremony the young couple went to their own home at 511 2nd Ave. N. E., where they will reside and will be home to their friends next week. Their many friends wish for them a pleasant life journey.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache or irregularities that if neglected might result in Bright's disease or diabetes. H. P. Dunn's drug store.

HUNDREDS IN GRAVE PERIL

Helpless Insane Persons in Danger of Death by Fire.

Woodward, Okla., April 5.—Six hundred helpless insane persons were in danger of death when a blaze, starting from a prairie fire, destroyed several buildings of the state insane asylum at Fort Supply near here. Every effort was made to conceal from the patients the fact that the building was burning. One woman looking out of a window saw the fire and gave the alarm.

Attendants tried to pacify the inmates and a panic narrowly was averted. The inmates kept good order when the danger was most apparent.

A high wind made it seem for a time that the entire institution was doomed. The buildings destroyed were the stables, laundry, pharmacy and employees' quarters. The loss is estimated at \$75,000.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made at Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

HITCHCOCK SERIOUSLY ILL

Former Secretary of the Interior in Critical Condition.

Washington, April 5.—Ethan Allen Hitchcock, former secretary of the interior, is critically ill at the home of his son-in-law, Commander W. S. Sims, U. S. N., and grave fears for his recovery are entertained. Hitchcock has been confined to his bed for the past two weeks suffering from heart and kidney trouble. He has had several sinking spells in the past few days.

How can any person risk taking some unknown cough remedy when Foley's Honey and Tar costs them no more? It is a safe remedy, contains no harmful drugs, and cures the most obstinate coughs and colds. "RIGHT OF RECALL"

Mr. Ousdahl Volunteers an Explanation That Doesn't Explain

EDITOR DAILY DISPATCH.

My excellent friend, Mr. Ousdahl, having as usual carefully read the last issue of the Tribune, is good enough to undertake to explain in your columns "The Right of Recall—String Attachment," which had been referred to in an article in the Tribune.

But Mr. Ousdahl as usual goes rainbow chasing, and as is his custom attempts to throw dust in the eyes of the people to blind them to the real question at issue. His "explanation" is chiefly remarkable for what it does not explain—and what he evidently doesn't want to explain.

In the Tribune article referred to, mention was made of the fact that several years ago Frank Larrison, elected an alderman from the Fourth ward, on the Socialist ticket, failed to obey the orders of the Socialist committee as to how he should vote upon a certain measure, and shortly afterwards his resignation, which had been held by the committee as a "string" attachment to the office, was presented to the council—not by Mr. Larrison, but by the Socialist committee. The statement was further made in this article that "it is very generally understood that when a Socialist accepts a nomination for a public office he is required to sign a blank resignation to be left in the hands of the executive committee of his local organization, and used to 'recall' him to private life should he not keep faith with his party."

Mr. Ousdahl doesn't deny that Mr. Larrison was so disciplined by the Socialists. He doesn't say that his own resignation is not already signed and in the hands of the committee. He denies nothing. He merely attempts to explain "the right of recall" "IN AN HONEST WAY" by telling us how "the people, or a majority of voters can, at any time, remove from office their public servants," etc.—where? why, IN THE CITY OF DES MOINES, IOWA! And he quotes from the Des Moines charter to prove it!

This is all very well, and I agree with Mr. Ousdahl that "the right of recall"—in the hands of the people—may be a very good thing; but he begs the question, as he very well knows. In his case, the "reserved privilege or power" is held ONLY by a committee of his own particular political party, who holds his resignation in their hands and OWN HIM, so far as his public and official acts are concerned, "body, soul and breeches!" what have "THE PEOPLE" to do with it?

In regard to a card in your paper in which a very weak attempt is made to have the workmen of Brainerd believe that I have "insulted" them in referring to "the intelligent voters of the city of Brainerd," meaning of course ALL of the voters of the city—and no other construction can be honestly put upon the language used—and expressing the belief that they would not elect Mr. Ousdahl, I have only to say that I have so much confidence in and respect for the intelligence of the workmen of the city, and their belief in free speech and fair play, that I know that they will treat this with the contempt it deserves. It is indeed an insult to their intelligence to believe otherwise.

There is absolutely no foundation whatever for any such interpretation as is placed upon my words in the card referred to. There is not in the paragraph quoted, or in the article entire, any reference of any kind to the working classes; and there is not a word, or a thought, either in that article or in any article which has appeared in the Tribune, that can be distorted by my most bitter enemies into a reflection upon the intelligence of the workmen. Nothing was farther from my thoughts.

For 39 years I have been a member of organized labor, and I am proud of the union card I have carried so many years, and still carry; and the workmen of Brainerd know that during the 25 years I have lived and worked among them I have always been an ardent and enthusiastic champion of the rights and dignity of labor. The workmen of the city have by their votes several times elected me to office, and my heart overflows with gratitude to them.

I honestly differ with Mr. Ousdahl and his friends, and I have said so in plain language, which I have a perfect right to do; but it is the privilege of every man to vote for him if he wishes to do so—his friends have a good right to their opinion as I have to mine, and I do believe that they are just as sincere as I am.

I have only to add in conclusion, that if Mr. Ousdahl is elected mayor he and Mr. Henning and other Socialists who may also be elected will, find the Tribune and its editor encouraging and supporting every effort that they may make toward good government, or for the improvement and advancement of our city.

Very respectfully,

A. J. HALSED.

Husband—You never kiss me except when you want some money.
Wife—Well, isn't that often enough?—Judge.

Rardin-Van Sickle

A quiet wedding took place yesterday morning at 8:30 at the Methodist Episcopal parsonage, when James Leonard Rardin was united in marriage to Sadie VanSickle of Gull Lake. Only the immediate relatives were present. The bride was assisted by her sister, Libbe E. VanSickle, while the groom was assisted by his brother, Samuel R. The short ring service of the church was read by the Rev. Charles Fox Davis. The young couple will make their residence on East Norwood street. The contracting parties are both well known in the city, Mr. Rardin having resided here for a number of years.

W. H. Strachan, superintendent of the Minnesota & International railroad, returned yesterday morning from Spokane, Prosser and other places in Washington, where he went to look over the country. He purchased 40 acres of land in the Yakima valley and speaks highly of the country there.

Marshall C. Spooner, of Bemidji, was in Brainerd today on his way to St. Paul, where he goes to appear before the supreme court in the contest over the office of sheriff of Koochiching county. The contest grew out of the death of Sheriff Walsh the morning after his election. The old board of county commissioners appointed Hugh McIntosh, formerly of this city, while the new board appointed H. W. Forrer. Mr. McIntosh is still acting and the matter is before the supreme court.

J. C. Barber was summoned to Fond-du-Lac, Wis., today by a telegram announcing the death of Wm. E. Cole, of that place, a prominent banker and old time friend of the Barber family. Mrs. Barber will join him there, coming from Chicago. Mr. Barber stated that he started a crew of six carpenters and a couple of helpers at work this morning on a big machine barn on the Pointon farm just south of his summer home. Mr. Barber is certainly making great improvements in that part of the country.

L. E. Garrison returned Saturday from the Crooked lake country, where he has been doing, or trying to do some surveying for J. C. Wood. Mr. Wood has recently purchased the east half of section 32-139-26 and Mr. Garrison went up to run out the lines for him. He found it almost impossible to work because of the snow. It was from thigh to waist deep and just hard enough to hold a man up a part of the time. He says it is the worst in the woods he has ever seen it and he has been working in the woods a good many years.

MAY CHALLENGE FOR CUP

Prince of Wales Wants to Win, the America's Trophy.

New York, April 5.—Commodore Arthur Curtiss James of the New York Yacht club and other well known yachtsmen read with interest the report cabled from London that inquiries had been made here on behalf of the Prince of Wales as to how a challenge from him for the America's cup would be received. None of those seen, however, knew to whom the reported inquiry was made.

"We certainly wish the prince would challenge," said Commodore James. "It would be the greatest thing for yachting that could happen. You can say positively that every member of the New York Yacht club and members of every American yacht club would heartily welcome such a challenge. It would still further cement the friendship between the Americans and British."

"I do not know to whom the inquiries mentioned were directed, but

whoever it was who received the communication would return only one answer—that such a challenge would arouse us all to joy."

Northwestern Telephone Exchange Co. Secures Lease of Upper Floor of the Cullen Block

The Northwestern Telephone Exchange Co. has practically closed a deal for the lease of the upper floor of the new Cullen block at the corner of Front and Seventh streets, for a location for their telephone exchange, and will probably occupy it in the near future. E. R. Jones, the local manager, states that it will take some time to get the rooms ready as it will for a time be necessary to maintain two exchanges while making the shift, after which the one in the Walker block will be discontinued. There will be considerable improvement in the plant, but just what he does not know as yet.

Notice

TO THE CITIZENS OF BRAINERD, MINN. This department begs to advise you that the Security State bank of Brainerd has made good by assessment all losses sustained through its transactions with North Dakota banks.

It has been prepared from the start to replace all doubtful paper with cash, but had to comply with all legal provisions required in such cases by this department. It is now fully authorized to re-open for business on April 6, 1909, and deserves the confidence and patronage of your community.

Yours very truly,
(Signed) A. SCHAEFER,
Public Examiner.

A Card

To the voters of Brainerd:

On this, the eve of election, I deem it my duty to the public to state that although during the past week I have been called upon by various citizens and committees in the interest of appointment for certain citizens, I have not made, nor will I make any pre-election promises. If elected to the office of Mayor, I enter upon the duties of that office absolutely free and untrammelled of any party, man, or set of men, am prepared to carry out the wishes of the people of Brainerd in the acquisition of a suitable water plant, the improvement of the light plant, together with the impartial enforcement of all law.

HUNDREDS IN GRAVE PERIL.

Helpless Insane Persons in Danger of Death by Fire.

Woodward, Okla., April 5.—Six hundred helpless insane persons were in danger of death when a blaze, starting from a prairie fire, destroyed several buildings of the state insane asylum at Fort Supply near here. Every effort was made to conceal from the patients the fact that the building was burning. One woman looking out of a window saw the fire and gave the alarm.

Attendants tried to pacify the inmates and a panic narrowly was averted. The inmates kept good order when the danger was most apparent.

A high wind made it seem for a time that the entire institution was doomed. The buildings destroyed were the stables, laundry, pharmacy and employees' quarters. The loss is estimated at \$75,000.

"RIGHT OF RECALL"

Mr. Ousdahl Volunteers an Explanation That Doesn't Explain

EDITOR DAILY DISPATCH.

My excellent friend, Mr. Ousdahl, having as usual carefully read the last issue of the Tribune, is good enough to undertake to explain in your columns "The Right of Recall—String Attachment," which had been referred to in an article in the Tribune.

But Mr. Ousdahl as usual goes rainbow chasing, and as is his custom attempts to throw dust in the eyes of the people to blind them to the real question at issue. His "explanation" is chiefly remarkable for what it does not explain—and what he evidently doesn't want to explain.

In the Tribune article referred to, mention was made of the fact that several years ago Frank Larrison, elected an alderman from the Fourth ward, on the Socialist ticket, failed to obey the orders of the Socialist committee as to how he should vote upon a certain measure, and shortly afterwards his resignation, which had been held by the committee as a "string" attachment to the office, was presented to the council—not by Mr. Larrison, but by the Socialist committee. Numerous and Pertinent Reasons why D. M. Clark Should be Elected Mayor of Brainerd

You Property Owner and Tax Payer: Are you prepared to put in the office of mayor a man who owns not one cent of property in town as against a man whose entire wealth is represented in Brainerd property? Consider the relative interest the two men will have in the upbuilding of the city. Will not the man with property interests here be more apt to guard against extravagance in city affairs than the one with no property interests? Think of this before refusing to vote for Dan Clark for mayor.

Compare the respective candidates for mayor: On the side of socialism you have a man unknown in Brainerd until six or eight years ago; whereas, D. M. Clark, the independent candidate, came to Brainerd something like thirty years ago, started in business in a small way, and by the same close attention that he will give the city affairs if elected mayor, he has become one of the substantial business men of northern Minnesota.

If you were to employ a man to handle your personal business, who would you choose between these two men? Remember, taxpayer, the Mayor is but your servant, and when you vote you are employing him to do your business for the next two years.

Last Friday's issue of the Arena, the local organ of the socialist party, in a writeup of the candidate of the socialists for Mayor stated among other things that he had also been engaged in the mercantile business. It failed however, to state that in that business he was unsuccessful. Do you want this man who could not carry on an ordinary business, at the head of affairs in Brainerd? If not, vote and work for D. M. Clark, the independent candidate for Mayor.

It is well to think twice before voting for any man who has behind him a party organization or machine? That man is pledged in advance, and those pledges are given to get votes and if bad men are promised positions the tax payers pay the bill.

When Ambrose Tighe, president of the Minnesota Waterworks Co., indorses the socialist candidate for Mayor, it is indeed time for the citizens of Brainerd to beware of socialism. Has there been an understanding between Mr. Tighe and the party manager? Has some of the money the citizens of Brainerd have been paying the water company found its way into the treasury of the socialist party? Remember, voter, that Mr. Tighe told The Dispatch reporter only last Saturday that he thought the candidate on the socialist ticket would make a good mayor. That means something, and to the average mind it means that if the socialist is successful, Mr. Tighe will continue to furnish poor water at exorbitant prices.

No republican voter can afford to decline to vote tomorrow. Every voter refusing to vote for D. M. Clark for Mayor adds one vote for socialism and all that it implies. Save our home city from socialism by voting for D. M. Clark, as you saved the nation from its twin evil, Bryanism, last fall.

This is the third time that the present candidate for mayor on the socialist ticket has been a candidate and like his prototype, Bryan, he will be buried tomorrow under such an avalanche of republican, democrat and independent votes that it will be his last.

The socialist candidate for mayor says on his cards that because engineering questions will be met with by the city council in solving the water and light problems, an engineer should be made mayor. By the same method of reasoning you should have a lawyer for mayor. The council may also have to pass an ordinance to muzzle all dogs and by the same method of reasoning, to enforce this ordinance, you should have a dog catcher for mayor. But such is the foolish reasoning of socialism wherever you meet it. Vote such nonsense out of existence tomorrow.

You voters in the Fourth Ward, do you forget what the socialists did for Alderman Larrison and your ward with their so-called "recall"? They not only compelled him to resign for some small infraction of their rules, but it became so unpleasant for him that he left the city.

Will any of the many voters who have lived in Brainerd for a quarter of a century vote the socialist ticket for mayor against an old citizen like D. M. Clark?

No socialist will deny that every man elected on their ticket files with the executive officers of the organization

their resignation before taking the oath of office. Now, suppose the socialist candidate for mayor should be elected, and suppose he differed with the machine managers, and they should file his resignation, can any socialist say that under such methods their candidate is the mayor of Brainerd? Is he not

ROOSEVELT ROASTS SOCIALISM

His First Outlook Article Puts up the Charge of "Free Love" Against the Socialists.

In his first signed article published in The Outlook, which is entitled "Socialism; Where We Can Not Work With Socialists," former President Theodore Roosevelt bitterly attacks Socialism "as at present practiced throughout the world." After discussing the general problem he says in part:

"With these self-styled Socialists with whom Socialism is a vaguely concealed catchword, and who use it to express their discontent with existing wrongs and their purpose to correct them, there is not much need of discussion. So far as they make any proposals which are not foolish and which tend toward betterment we can act with them. But the real logical advanced Socialists who teach their faith as both a creed and a party platform may deceive to their ruin decent and well meaning but short sighted men; and there is need of plain speaking in order accurately to show the trend of their teaching.

"The immorality and absurdity of the doctrines of Socialism as propounded by these Socialists are quite as great as those of the advocates, if such there be, of an unlimited individualism. Indeed, these thorough going Socialists occupy, in relation to all morality, a position so revolting—and I choose my words carefully—that it is difficult even to discuss it in a reputable paper.

"In America the leaders even of this type have usually been cautious about stating frankly that they proposed to substitute free love for marriage and family life as we have it, although many of them do in a roundabout way uphold this position. In places on the continent of Europe, however, they are more straightforward, their attitude being that of one extreme French Socialist writer, M. Gabriel De Ville, who announces that the Socialists intend to do away with both prostitution and marriage, which he regards as equally wicked—his method of doing away with prostitution being to make chastity universal."

Mr. Roosevelt then discusses the doctrine as held by Prof. Carl Pearson, the English Socialist, Flinders Pietrie, and others, as showing that Socialism means just this. He then says:

"Of course, in practice such a system would not work at all, and incidentally the mere attempt to realize it would necessarily be accompanied by corruption. In other words, on the social and domestic side doctrinaire Socialism would replace the family and home life by a glorified state free lunch counter and state founding asylum, deliberately enshrining self-indulgence as the ideal, with, on its darker side, the absolute abandonment of all morality as between man and woman; while in place of what Socialists are pleased to call "wage slavery," there would be created a system which would necessitate either the prompt dying out of the community through sheer starvation or an iron despotism over all workers, compared to which any slave system of the past would seem beneficent because less utterly hopeless."

Mr. Roosevelt attacks Eugene V. Debs, late Socialistic candidate for president, who, he says, "earns his livelihood as the editor of a paper which not merely practices every form of malignant and brutal slander, but condones and encourages every form of brutal wrongdoing, so long as either slander or the violence is supposed to be at the expense of a man who owns something, wholly without regard to whether that man is himself a scoundrel, or a wise, kind and helpful member of the community."

In conclusion he says: "One of the main vices of the Socialism which was propounded by Proudhon, Lasalle and Marx, and which is preached by their disciples and imitators is that it is blind to everything, except the material side of life. It is not only indifferent but at the bottom hostile to the intellectual, the religious, the domestic and moral life. It is a form of communism, with no moral foundation, but essentially based on the immediate annihilation of personal ownership of capital, and, in the near future, the annihilation of the family and ultimately the annihilation of civilization."

You friends and supporters of Ex-president Roosevelt will do well to ponder on the above statement before voting at the election tomorrow. The only method by which you can protect our city from the evils as pointed out by Mr. Roosevelt is by voting for D. M. Clark, independent candidate for mayor.

entirely and wholly the mayor of the socialist party and its managers? Yet in the face of this the socialist candidate says it is the same as a "recall" in the city charter. Will the voters of Brainerd make a mayor out of a man who cannot see the distinction between vesting this power in the citizens as a whole against giving it to a few political party managers? Yet this man who asks to be made mayor of our little city thinks his reasoning is sound. If his judgment is as fallacious in other matters, where will Brainerd be with two years of his administration? Keep this man and his senseless argument where he is now by voting for D. M. Clark for mayor.

THE EVILS OF SOCIALISM

How it Brought Financial Ruin to Other Cities

Do the Citizens of Brainerd want a Similar Experience—If not vote for D. M. Clark

We believe the paramount issue which confronts the voters of Brainerd in this election is this: Are they going to save our city from the evil of socialism? If every voter before exercising his right of franchise tomorrow goes to the poles with a full realization of what a socialistic administration would mean to our city, there can be no doubt as to the outcome. We all know what socialism would mean if it prevailed in the state or in the nation, but possibly some voters do not realize the effect it would have on a community. In this we can be best guided by the influence it has had on towns and cities that have given it a trial. The city of Havre, Montana, recently elected a socialist mayor and several socialist aldermen, and the experiment has cost them dear. It has caused investors to shun the town, and has put a damper on every form of industry, causing property in that town to depreciate to one half its former value. A socialistic administration in the city of Barnesville, Minn., so antagonized the Great Northern Railway, that that corporation pulled up stakes and moved almost its entire plant located there to Devils Lake, N. D. Grass grows in the streets of Barnesville now where people walked before and a house and lot can be purchased in that town for a song, and you don't have to sing it.

Are the property owners of the city of Brainerd going to make it possible to have this condition of affairs forced upon them by electing a socialist mayor and aldermen, and many of them have their comfortable homes, which represent the savings of a life time, that will depreciate in value almost to nothing.

Our city has now reached a crisis in its history where it is up to its people to decide whether we wish to make this a great city by electing competent officials to transact its affairs, or start it on the down hill road by electing candidates of a theoretical, visionary party whose principles would compel them to antagonize every interest which would tend toward our advancement and now when a systematic effort is being made to interest capital to come here to locate various small industries, can we afford to jeopardize the success of the movement by turning the town over to socialism?

Can we afford to take the slightest chance of electing a set of city officers who are sure to antagonize the one great industry already located here, "The Northern Pacific Railway Shops." What would property be worth in the city of Brainerd should the Northern Pacific Railway Company decide to move the whole or any part of their plant to some town that knew a good thing when they saw it?

Only last week a Duluth capitalist was in Brainerd with a view to buying up city property, knowing that the future prospects of the city would make property here a valuable asset. Learning that we were in the midst of a political campaign and that there was some chance of a socialist mayor being elected, he took some options and went back home, stating that he would defer closing any deals until after the results of the election were known.
